No. 44

Usk is Asking for Bridge And Road Improvements Board of Trade Meeting

Some nineteen members of the Terrace Board of Trade went up to Usk last Saturday afternoon and returned on Sunday after attending a meeting of the board, a dinner, a dance, a feed, a bridge game and other amusements too numerous to mention.

The people of Usk know how to entertain visitors. The Terrace people will long discuss the good time they had in the adjoining village. The dinner was served by Thos. Shackleton at his hotel and it was a real spread. The menu included all the good things that the cities and southern gardeners could produce. Thomas also knows how to cook and how to serve it. After the feed Mr. Martin gave an entertainment of slight of hand stunts while the dinner was settling. Then the board meeting was held in Bethurum's hall. There was a large turnout and much interest taken in the proceedings. It was Usk's night. That busy village has apparently been long neglected by the government and the residents are beginning to resent it. Bert Wilson took the party on a drive around town to inspect the roads, the ferry and its approaches, the bridge, and the school. The new baseball grounds the Usk fans have put into excellent condition.

The visitors were surprised that the people of Usk had remained quiet for so long. Terrace will co-operate with them in their efforts for relief.

H. Halliwell, secretary of the board of trade thanked the Welfare Club of Usk for the splendid dinner and Mr. McDonnell, the president, made a fitting response.

E. T. Kenney presided over this session of the board and the needed improvements of Usk were discussed. One of the things Usk is looking for-

ward to at a not too distant date is a bridge across the Skeena river to take the place of the ferry which has never been very satisfactory, even during the season that it does operate. But in the winter the ferry is out and there is no way of crossing the Skeena so that the two sides of the community are cut off from each other during at least half the year. In connection with the bridge the following resolution was passed:—"That the Provincial Public Works Department be asked to make preliminary surveys of available bridge sites across the River (Skeena) in the vicinity of Usk."

Resolved that the Provincial Public Works Department be asked to make the necessary repairs on the Usk-Vancouver road to enable the settlers in the Phillips creek district to have a satisfactory outlet.

Resolved that the Government telegraph service be asked to install a telephone in one of the Terrace hotels or some other suitable place. This telephone to be linked up with the present government system to enable the people of Usk and other places to get calls through for medical or other aid at such times as the operator at Terrace is off duty.

The business meeting concluded at 9.45 and then the big dance was the main feature for the rest of the night. Guests were also present from Copper City, Pacific and other points. Music was furnished by a six piece orchestra two of the boys from Terrace lending assistance. The dancing was most enjoyable and was kept up until about 3 a.m. The proceeds from the dance will go to the new ball grounds.

The trip to Usk, the board of trade meeting and the social side was a huge success and the hospitality of Usk is greatly appreciated.

PRINCE RUPERT NEWS LETTER

Prince Rupert has always wanted more convenient connection with the Queen Charlotte Islands, and the consummation, devoutly to be wished, has come. The Prince William of the Canadian National fleet, bought especially for the service, put out on her initial voyage this week, with a good sized passenger list, and the blessings of the community. Hitherto travel between the Queen Charlottes and Rupert has necessitated altogether too much time and with some people time is cash.

Mrs. John Dybhayen was recently bereaved, her brother, Nels Forgerlie, miner at Stewart, passed away there rather suddenly.

Canadian National Hotel rumors thicken. Just now hotel building is the chief relaxation of those who settle all sorts of questions after the dinner hour each evening. Some bright eyed pioneers have placed it on the old government square, others off 1st Ave., overlooking the harbor, some on 2nd Ave and a few on that part of the reserve not far from where the Premier Hotel stood, when the G. T. P. was building, and everybody jingled money in their jeans.

Frank Hart, who knew Vancouver when the proud metropolis was smaller than Prince Rupert, is now gradually recovering his health in the local hospital. He has been operated on and is counting the days until he can come down town and share in local activities.

Recent arrivals in Prince Rupert include Mr. and Mrs. A. H. Carmichael and child. They are the guests of Judge and Mrs. F. McB. Young, the parents of Mrs. Carmichael.

Fred Wesch, premier laundryman, had a hurried call from his home the other morning. He was wanted at the laundry and advised to step fearlessly on the gas. Obeying orders, he found awaiting him a brother he hadn't seen for twenty years, and who was bound from California to the Arctic circle. They made the most of the limited time to get acquainted again.

Matt Videck will spend the summer at Okalla. Convicted of having sold some joy winter (second offense) he was sentenced for a six months period. Matt is one of Rupert's original citizens, and this will be the first time he has been south.

Have you a parrot? If so regard the golden and purple pet with suspicion. Dr. Cade, medical health officer, speaking of the appearance of psittacosis, in New Westminster, says the malady is brought by parrots, and while the disease has not appeared in the north, parrot owners will be well advised to exercise caution.

WEATHER MAN TRAVELLING

F. Napier Denison, director of the Meteorological Observatory at Gonzales Heights, Victoria, was a passenger on the east bound train Monday night. He is the official weatherman in B. C. for the Dominion government. He is inspecting several of the western stations and checking up on the weather. He announced last year the weather would be dry during 1929-30. Last year was dry and he has not yet changed his mind in regard to this year, although we endeavored to induce him to grant a little more rain to this district during 1930.

Mr. and Mrs. Greer and family are again residents of New Hazelton.

Flyers Lost in Northern Storm A Great Plane

After leaving Sunday morning on the last leg of their northern trip the San Francisco flyers ran into a snow storm and were lost for a time. Finally they landed on Dease Lake and from there made their way back to Telegraph Creek where they made a fresh start.

The plane that arrived from San Francisco last week left Saturday to continue the trip to White Horse, but when they got up the Klappan a few miles they ran into clouds and returned with the intention of circling the clouds, but finally landed in Wm. Sproule's field near Telkwa. Sunday morning the weather was better and they got an early start, flying over New Hazelton about 5.30. They expected to be in Whitehorse before the lunch hour. There were three men in the party and they have mining interests in the far north which they will visit before returning.

On the journey north last week the plane travelled from Kamloops to the Mission Point landing field at the rate of two miles a minute. They reached an altitude of 20,000 feet and when passing over Smithers they were up 17,000 feet. They talked of bringing in a couple of smaller planes on the next trip and have them equipped with pontoons. The big red plane is too big for mountain work.

TERRACE WOMAN'S INSTITUTE

The Woman's Institute met in the G. W. V. A. hall Saturday afternoon. The attendance was small owing to a number of the members visiting Usk with the board of trade. Pres. Mrs. A. Ross presided. Mrs. Gilbert gave a report on the work done for the crippled children's hospital. Mrs. McConnell reported a full membership in the pig club and the members are all alive and out after the major prizes. Mrs. Braun reported the chicken club not complete. Three more members can be taken in. Mrs. H. L. Smith reported on the hospital meeting with Dr. Mills in attendance. Mrs. Verrick of Prince Rupert was present and gave a talk to the members. New members are being solicited.

Last Saturday afternoon the whites of the district met the Hazelton natives in a double header game on the athletic grounds. As predicted last week, the whites defeated the Indians in both games. This will be the last of this series as the Indians are going to the canneries for the fishing season. Quite a number of them have already gone from different parts of the district although the main crowd will not go for a week or so yet.

There promises to be a great flock of Indians from all over the district at Hazelton next week to participate in the two days celebration the Hazelton Indians are putting on.

Harold Winch returned from the U. B. C. last week and will spend the summer in the north.

CANADA GETS MOST OF THE BRITISH IMMIGRANTS

Ottawa, Special to Herald—According to a report which originates in the House of Commons, London, England, emigration to Canada has increased more than 25 per cent during the past four years, although emigration to the Dominions generally has shown a considerable falling off since 1926.

Hon. W. R. Smith, parliamentary secretary to the Board of Trade, in reply to a question said the emigration to Canada increased year by year, namely, from 49,632 in 1926 to 65,553 in 1929, while the Board of Trade figures showed the aggregate emigration to Canada, Australia and New Zealand had decreased from 119,000 in 1926 to 94,000 in 1929.

The Colonial office also was questioned with regard to Dominion emigration. Dr. Drummond Shiels, parliamentary under-secretary, gave the same figures as Mr. Smith for Dominion emigration generally, stating emigration to Canada showed an annual increase.

STUDY RELATION OF SPEED LAW AO DEATHS

Ottawa, Special to Herald—In every province, city and town there arises the question each year as to whether the speed limit allowed motorists is great enough. In Ontario the rate of speed for town and city driving is 25 miles an hour with 10 miles per hour at intersections and country driving is 36 miles an hour.

In 1929 the speed limit was increased in Pennsylvania from 35 to 40 miles an hour and it has been found that the increase had no effect on the number of deaths and injuries in automobile accidents. During the year 1929 the number of operator's licenses issued in Pennsylvania totalled 1,904,325 and in 1929 the figure increased to 2,057,035, 8 per cent more than the preceding year. The bureau of vital statistics in the State department of health reported that in 1928 2,080 motor vehicle fatalities occurred. In 1929 there were 2,225, or an increase of less than 8 per cent. over those of the previous year.

OPEN AIR ROUTE TO SOUTH AMERICA

Paris, Special to Herald—An air route extending from Toulouse, France to Buenos Aires, Argentine, is planned by the French Aeropostale Co. to commence operations in the near future, according to a report received at the Department of Trade and Commerce. This service is also intended to replace the steamer service between Dakar, Africa and Natal, Brazil. A Latécoere seaplane, with 650 horsepower Hispano-Suiza motors, will inaugurate the service, according to the French information. The route from Toulouse to Buenos Aires will be via Barcelona, Tangiers, Dakar and Natal and will be reduced four days from the previous time of 8 days.

"Why are you so interested in that girl's bathing suit?"
"Oh, I'd just like to see what its all about."

Pacific Notes

Mac Orr and Hugh McDonald have started work on a trail from Doreen to the Waverly group on Big Oliver creek, a distance of about seven miles. This group was located last summer. The showings consist of three, strong leads, one of which was crosscut last fall for a distance of thirty feet, from which good assays were obtained. This has all the appearance of being a large body, and work on it will be continued upon it as early as possible this summer.

The Pacific ferry is again operating with Bud Corley as commodore.

The Pacific Mills fans have been playing on the C.N.R. court for the past two weeks.

Little Dave Disher lost a finger through playing with an axe a few days ago.

The District Public Works Engineer Mr. Gwyer came up from Prince Rupert Monday night to spend a few days here in connection with the construction of the new high level bridge across the Bulkley at Hugwilget. He has the work underway and will now go on east. He will be in this district for a couple of weeks. Recently he returned from his trip through Atlin.

Miss Doris Smith of Edmonton arrived Tuesday morning and entered as a probationer, the nurses training school at the Hazelton Hospital.

Last Tuesday, June 6th was the 21st anniversary of the ascension of King George 5th to the British throne. All public offices and buildings were requested from Ottawa to raise their flags.

PROSPECTORS FREE ASSAYS

Provincial Government Will do Half
a Dozen for Each Prospector under
Certain Conditions

D. B. Whittaker, provincial government assayer, announces conditions in connection with the free assay service.

Free assays are made for prospectors, but when samples are sent in a statement should accompany them, setting forth what claims they are taken from, location and what they represent, and whether it is average or picked sample. While the number of free assays made for a prospector is at the discretion of officials of the department of mines, five or six samples are usually assayed free during the year for one prospector.

The number of free miners certificate of prospector should accompany the samples.

Determinations will be made on any specimen received, and its likelihood of carrying mineral of commercial value ascertained and assayed, if the above mentioned conditions are complied with.

Anyone not coming under the classification for free assays (persons not holding free miners certificates, companies or syndicates) are expected to pay at the rate of \$1.50 for gold and silver samples, and \$1.00 for copper, lead and zinc. All analyses are charged for.

There was not a very large attendance at the Calico dance in Hazelton last Friday night. There seemed to be quite a number of private affairs on that night.

Scientifically speaking, coal is of the same composition as the diamond. Still it is only a carbon copy.

THE HIGH LEVEL BRIDGE

Work was started on the high level bridge on Monday morning and it is now going along merrily. Until some rock work has been done so that there will be room for others to work, the gang employed will not be very large. Even after the initial work has been finished there will be only about a dozen men employed on the abutments but more will be required when the work is further advanced and the concrete work gets under way.

By this time everyone knows what and where the high level bridge is and what it is for. Most people know all about the long drawn out controversy carried on even before the old high level bridge was finally closed. That work is now under way on the new structure there is a very much better in the district. By mid-summer or shortly after, the new bridge should be ready for traffic. All accounts are to the effect that it will be some bridge, and while New Hazelton has been made to suffer a long time by the bridge having been closed, there will now be some recompense.

Billions Invested In Canada by Other Nations

Ottawa, Special to Herald—The total British and Foreign capital invested in Canada on January 1, 1929 was \$5,904,169,000 according to an estimate made public by the Dominion Bureau of Statistics. Canadians had invested abroad \$1,745,815,977 on that date.

The report states: "It is estimated that the total British and Foreign investments in Canada on January 1st, 1929 was \$5,904,169,000. Of this sum \$2,197,082,000 was British, \$3,470,087,000 was from the United States and \$236,400,000 was from other countries. "Total indebtedness to outside countries increased by approximately \$150,000,000 in 1928. Our indebtedness to the United States increased by \$166,000,000 while that to Great Britain was reduced by \$17,000,000. New Canadian issues in which outside coun-

tries participated including stock rights amounted to about \$720,000,000. Of this sum Canadians themselves took \$414,000,000, United States \$214,000,000, Great Britain \$62,000,000 and the other countries \$3,000,000. In addition outside countries purchased old Canadian securities on the stock exchanges or made direct investments in Canada amounting to \$100,000,000 of which the United States took \$81,000,000, Great Britain \$17,000,000 and other countries \$2,000,000.

During the past two years there has been a continuation of the movement of capital into new ventures of the Dominion. Such investments affected a wide range of interests, including chain stores, banks, investment and finance houses, tourist resorts, hotels, recreation camps, public utilities, assurance companies and various industries. Among the latter were mining, oils, pulp and paper, breweries, aircraft, textiles, motor cars and various metal industries."

TERRACE

Spring has surely arrived. Besides the song birds return to the district, the summer residents are also coming back. Those already here are R. L. and Mrs. McIntosh, Robt. Corlett and Capt. Colthurst. They all seem quite glad to get back to Terrace.

Mrs. E. Hunter and child returned last Wednesday after a trip south.

Mrs. Hansenchild is home again after a pleasant visit in Prince Rupert.

Mrs. D. D. Munro is expected to return to Terrace about the 10th of May and will make this her permanent home. She has been in the south for several months with relatives.

C. W. Micheal was a week-end guest at the home of Capt. Colthurst.

Dr. Mills arrived in Terrace last Wednesday and has undertaken the practice of his profession. He was met at the depot by the hospital board and welcomed to town. Mrs. Mills will arrive in a few days.

Mrs. T. J. Kirkpatrick left Thursday for Montana where she will spend the summer months with her daughter and family.

FOR SALE—One steel range with water front; in good condition.—Apply to Mrs. R. Christie, Terrace, B. C.

GOVERNMENT LIQUOR ACT**Notice of Application for Beer License**

Notice is hereby given, that on the 10th day of June next the undersigned intends to apply to the Liquor Control Board for a license in respect to premises known as Lakelse Hot Springs Hotel situated on Lot 4127, Range 5, Cassiar District, in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

Dated at Terrace, B. C., this 6th day of May, 1930. 44-47

Soft Drinks—Cold

Born—At Reno on Monday, April 28th to Mr. and Mrs. McDonald, a son.

Lawrence Greig has returned from U. B. C. where he has completed his third term. He will be here for the summer.

The herd by-law was carried by the people of Terrace last Wednesday by a vote of 38 to 11. It will be put into force shortly and then woe unto bossy who strays within the confines of the village.

The Sons of Canada were very active on Arbor Day. A row of maples was planted on Lakelse Ave. east of Kalum St. and in the near future will add much to the appearance of the town.

Mrs. J. Desjardines returned Saturday from Prince Rupert and is feeling quite fit again.

Albert Haugland has returned from the coast where he went for his health.

It is expected J. K. Gordon will return to Terrace about the middle of May.

Robt. de Kergenieux went up to Hazelton on Saturday and accompanied his wife and ne wson home on Sunday.

Arbor Day was observed on Thursday last at the school and there was a good turnout to assist with the planting of the maple trees, and building the necessary protection for them. In the work of the P. T. A. the Sons of Canada were active and the P. T. A. appreciate that assistance. Addresses were delivered by Rev. Allen, Rev. Robinson, Dr. Mills and Mrs. A. C. Head, president of the P. T. A.

Mrs. E. T. Kenney entertained some twenty girl friends last Friday evening for her daughter Marjory who celebrated her 12th birthday that day. The party was chaperoned by Misses Davis, Reid, Gwyer and Munro.

The pie social on Thursday under the auspices of the Fair Board was not so well attended as expected, but the

sports who were there made the bidding spirited. An orchestra furnished music for the dancing.

Mrs. E. T. Kenney and Norma returned from Smithers on Sunday.

Mrs. Brunson of Copper City who has recently returned from the south where she spent the winter, was in Terrace last week.

E. E. Gregg and A. Thomas of Rupert were in town on Thursday.

The cemetery board has been active this spring and an artistic as well as a substantial wire fence has been put on the front of the grounds. The Kalum cemetery could very easily be made a beauty spot and it would help a lot if the lot owners took a greater interest in the place.

Mr. Blackeby arrived Wednesday to take over the management of the Bank of Montreal. Mr. Scott left for Banff much to the regret of many.

The hospital board met in the municipal hall on Friday afternoon when all the members were present with H. H. Halliwell occupying the chair. Dr. Mills, recently arrived from the south was also present. The matter of hospital was discussed at some length and from various angles. Dr. Mills expressed the opinion that the district was as yet too small to support a hospital. He suggested that a dispensary with a bed for emergency cases be provided. The board will carry on some investigation as to possibilities and in another week a further meeting will be called. Something definite will be decided then, it is expected.

The Tonka-Wah group of C.G.I.T. under the leadership of Mrs. H. McKenney met on Friday evening in the Knox United church. A prize was awarded to Velma Greig by Rev. H. T. Allen for the best collection of 50 poems by various composers. Several of the girls competed and a very keen interest was shown in the contest. As a prize Velma received a book of verse entitled "White Peaks and Green." A good work is being carried on by the ladies in charge of the various groups of girls.

Mrs. T. H. Wright reports a very successful time in Toronto where she attended the meeting of the Social Service Committee of the United Church.

The Felix Bridge Club met at the home of Mrs. Sharpe last Tuesday night when the prizes were won by Mrs. Turnbull, first and Mrs. Winsby second. Next week the club will meet at Mrs. Gow's.

as Cox and Ed. Hall will leave on Saturday to join the water survey gang they were with last year. The party is now being organized for the season's work.

The W. A. to the H. H. had quite a busy session at the Nurses Residence last Tuesday afternoon when a lot of sewing was done. Next Monday the Auxiliary will meet at the home of Mrs. Sawle.

The W. A. to the H. H. has decided to put on a Rose Dance in Assembly Hall, Hazelton, on June 13th. Keep this date open and join the crowd.

Rev. T. H. Wright, B. A., officiated at the communion and baptismal services in Kispiox native church last Sunday afternoon. Miss Jean Burns of New Hazelton sang a solo "In the Garden." It was appreciated by all present.

A. A. Burnett, Missionary in charge leaves this week to attend the annual conference in Vancouver. Mrs. Burnett is accompanying him. Kispiox is to be administered by the Hazelton-New Hazelton pastor in future.

John Newick and Mrs. Wm. Grant will represent the local United church at conference. Mr. Newick, accompanied by Mrs. Newick, left Sunday for the south. They will attend the marriage of Mrs. Newick's niece before conference. Mrs. Newick is to spend several weeks in the south before returning.

WATER NOTICE

Use and Storage

Take notice that Northern British Columbia Power Company, Limited, whose address is Besner Block, Prince Rupert, B. C., will apply for a license to take and use 1,000 C.F.S., and to store 370,000 acre feet of water out of Meziadin Lake and Meziadin River, which flows south-easterly and drains into the Naas River about 115 miles above tidewater and 69 miles from Atlin, B. C.

The storage-dam will be located at about 8 chains above Government fish ladder in Lot No. 2450.

The capacity of the reservoir to be created is about 370,000 acre feet, and it will flood about 6,000 acres of land. The water will be diverted from the stream at a point near the storage dam and will be used for power purposes upon the lands described as the Portland Canal Mining Division.

This notice was posted on the ground on the 31st day of March 1930.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objects to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The petition for approval of undertaking and an application for approval of the schedule of Tolls will be heard in the office of the Board of Investigation at a date to be fixed, and any interested person may file an objection thereto in the office of the Comptroller or of the Water Recorder of the District.

The power of the Company will be exercised within a radius of 125 miles of the power site.

FOR SALE

Fifty chickens, one year old, some laying, all are good for roasting, for sale at \$1.75 each. Apply to L. Belmont, New Hazelton.

Mrs. Fakeley arrived from Vancouver last week and will look after Mrs. Newick's house while she is on a trip to the south.

Geo. Crow is the proud possessor of a watch which he won in a contest in connection with the League of Nations movement. He got the right answer to a puzzle and his watch came from Toronto.

Mr. and Mrs. Grant of Smithers got mixed up with an Indian hauling a load of poles. The Grants were driving their own car on Gumbo hill when the collision occurred. Mrs. Grant was quite seriously injured, but Bob got off with a scratch on the face and a nervous shock.

The end of last week the first poles were put in the river and by the first of this week the drive was on in earnest. The poles from the lower skids are being run first. Bell Lake camp has put quite a number in the water.

Mark Collins of Vancouver is visiting with his old college chum, Harold Winch.
